

# BEST DAY EVER, ON A BUDGET

## KENDALL POINT

TIPS & TRICKS to save THOUSANDS!

### DATES

Monday-Thursday & Friday/Sunday offer the biggest discount. Not choosing a Saturday is the #1 way to save huge. Be flexible with the date and still have the wedding of your dreams, in your budget!

### GUEST COUNT

Trim the guest count. Each guest you invite is costing \$\$\$\$\$. Cut it back, to save money on food, beverage, flowers, invitations etcetera.

### VENUE

Look for venues that allow you to BYOB + other vendors (like KP). Choose a venue with an all day rental (like KP). Choose a venue that doesn't require a ton of decor (like KP). Choose a venue that includes furniture (like KP). Choose a venue with a plan B weather plan (like KP).

### FOOD

The next biggest expense is food! Ask your caterer how you can save. Maybe only one course meal, or maybe ditch the china and opt for acrylic. A buffet is often less costly than a plated dinner.

### FLORAL

Try more "fill flowers" and less expensive blooms. Re-purpose your ceremony floral to the reception. Less is more at KP, you can use anything for a centerpiece like candles, jars, frames, fabric.

### BRIDAL PARTY

Consider a smaller bridal party to ease the expense of Hair and Make up, the rehearsal dinner size, gifts for the bridal party, and the attire requirements for the bridal party.

Ultimately, you can decide your priorities at the start of the planning process. Get your must-haves, and then decide between the Musts and Mehs. You can do this, Kendall Point can help! Don't break the bank on your wedding, but you should have the wedding of your dreams and make the best day ever!
